

Self Storage Space Calculator

(02) 6760 7555

Eagle Eye Self Storage uses a Space Calculator based on information from the Self Storage Association of Australasia. The calculator is designed to help you decide what size unit is best for your needs.

Remember: This is only an estimate and space required may depend on how accessible you need your possessions to be.

Our professionally trained staff are able to assist with any questions you may have, and will be happy to give a 'No Obligation' tour of the various sized units that may suit your needs.
